RETURN ON INVESTMENT

RIOHA THATCH

RIOHA, is designed to replicate the look of the coconut palm. The edge has a fine tip, which closely resembles those of palm trees found in many countries.

Rioha Specifications:

- Available colors: Tobacco, Coco
- Dimensions: +/-100 cm x 60 cm
- Thickness: 0,7 mm
- Weight: 310 g/leaf
- Custom code: 39.21.19.90

WORLDBIZZ ENGINEERING PTE LTD
PALMEX DISTRIBUTOR

PALMEX'S ORIGINAL AND EXOTIC COLLECTIONS OFFERS A VARIETY OF ARTIFICIAL THATCH ROOFING, SURFACE AND DECOR MATERIALS.

Palmex offers a permanent solution for all of your projects around the world. Palmex collections are virtually identical to natural roofing with no maintenance and unbeatable longevity.

Palmex is certified according to ISO 9001:2015 Quality management systems certifications.

Palmex industrial-strength and highly resistant materials suit all climates: this durability is what makes our product's lifespan estimated at 50 years or more. Our products have been designed to provide a permanent, long-term solution to the problematic issue of massive over-harvesting of natural resources throughout the planet for the purpose of building exotic roofing. We help minimize the negative effects that real-estate development can have on the natural environment.
